

CERTIFICATE OF PARTICIPATION

This certificate is presented to

Erudit Ndongo Katengo

for having successfully participated in the course:

Zoonoses Prevention using the One Health Approach

Course date: 29th October 2025 (5h)

The following topics were covered in the course:

- General understanding of the terms Zoonoses and One Health Approach
- How the neglect of biodiversity lead to public health challenges such as Zoonoses and Antimicrobial Resistance (AMR).
- Examples of some zoonotic diseases, i.e. diseases transmitted between animals and humans.
- Effects of human activities on One Health.

The course was organized by the Capacity Development for Biodiversity and Ecosystem Services Experts in West Central and East Africa (CABES) project as part of its CABES Capacity Development Programme – CCDP for professionals. CABES aims to develop and strengthen the capacity of professionals in biodiversity-related fields in West, Central, and East Africa to engage in the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services.

CABES is a consortium of partners across Africa and Europe, including the Center for Development Research (ZEF), African Center of Excellence on Climate Change Biodiversity and sustainable agriculture (CEA CCBAD), Faculty of Agronomic Science of the University of Lubumbashi (FSA UNILU), Horn of Africa Regional Environment Center and Network (HoA-REC&N), West African Science Service Center on climate change and Adapted Land Use (WASCAL), UNEP World Conservation Monitoring Center (UNEP WCMC) and CoKnow Consulting.

Dr. Jennifer Hauck, Senior Programme Officer, CABES project
